#### Border Patrol Agents

The FY 1999 INS budget provides 1,000 Border Patrol agents who will be deployed to strengthen Southwest border operations in the corridors experiencing the most illegal migrant traffic. In response to increased alien smuggling activity and illegal traffic, 22 Border Patrol agent positions, including eight for the Swanton Sector, will be deployed to the northern U.S. border.

#### Adjudicators

The INS Naturalization program received a major boost when Congress and President Clinton approved \$171 million for FY 1999 to reduce application backlogs and further support naturalization activities, plus an additional \$5 million for records initiatives. The funding includes existing INS and Department of Justice funds, and, for the first time, \$60 million in appropriated resources. It will provide for 200 new term Adjudicators, 100 Immigration Information Officers at the Service Centers to assist with application processing, a national telephone customer service center and the centralization of INS' 25 million paper files that are currently housed in 80 offices nationwide.
